

# Timetable for full-time or part-time MSc Clinical Education

Starting September 2026

**All onsite teaching at Canterbury Campus (North Holmes Rd) at CCCU (rooms subject to possible change)**

- Students have the option to complete the course full-time 1 year or up to 3 years part-time
- There is an option to complete the MSc in-person or completely distance online learning. We offer a selection of flexible in-person or online modules depending on your professional circumstances. We welcome international students.
- Students have to complete 180 credits at level 7 for the MSc. This needs to include the core modules:
  - PgCert core modules:
    - Principles of Teaching and Learning in Clinical Education (Core 30 credits)
    - Enhancing Professional Practice in Clinical Education (Core 15 credits)
    - Assessment in Clinical Education (Core 15 credits)
  - Or equivalent PgCert core modules (you might be eligible for Recognition of Prior Learning if you have undertaken an equivalent course.
- For MSc you need to complete Core module Researching in Clinical Education (15 credits) and then have to complete Project/Dissertation. Students have the option to complete a 30 credit or 60 credit Project/Dissertation depending on if they are wanting to do the course online or in-person or would prefer more independent working.

**Example of option for completion of full-time (1 year) hybrid delivery of in-person and online MSc or 1 year Intercalating medical student programme.**

We offer a completely online PgCert course which includes asynchronous and synchronised learning.

The online course requires you to do the same amount of reading and learning online than you would be expect to do via the in-person session.

The MSc in Clinical Education is available as a hybrid face to face and online as well as completely online options for delivery.

Further information relating to the course please visit:
