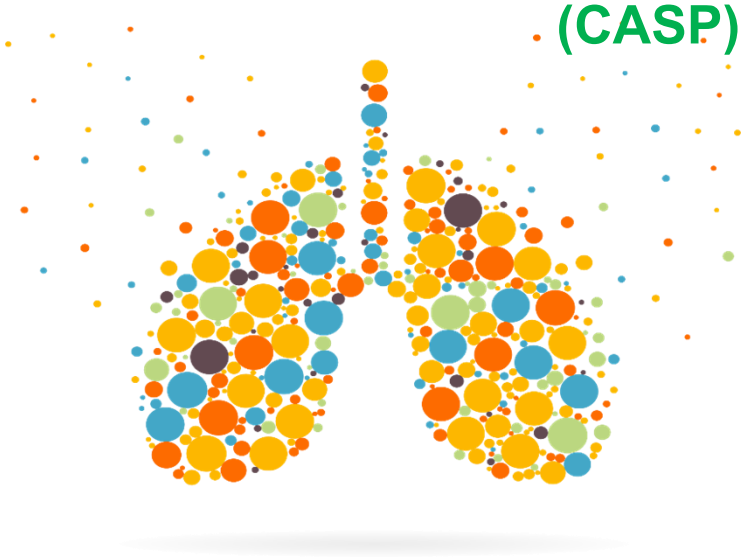
# Competency Assessed Spirometry Programme (CASP)



**Dates: Initial Theory Session:** Tues 12th January 2027

**Time:** 1pm – 4pm

**Venue:** St Mark's Hall, St Mark's Church, Pysons Road, Ramsgate CT12 6TR

**Assessment Dates will be arranged with individuals on 12th Jan.** There will also be once a month mentoring sessions, which are optional and for 1 hour in duration.

**Improve your spirometry skills and demonstrate your clinical competency!**

Are you a clinical professional working across Kent & Medway who performs or interprets spirometry?

The Competency Assessed Spirometry Programme (CASP) provides clinical staff with the opportunity to develop their knowledge, skills and confidence in performing high-quality, accurate spirometry in line with current standards.

## Who is the programme for?

CASP is suitable for clinical staff involved in respiratory assessment and spirometry, including:

- Practice Nurses
- Healthcare Assistants
- Respiratory Nurses
- GPs and other clinicians
- Healthcare professionals undertaking spirometry within primary or community care

## **What will you gain?

✅ Successful completion will allow you to be entered onto the K&M Competency Assessed Spirometry Register which is K&M's alternative to the ARTP qualification.

✅ Improved technique and confidence

"An inspiring choice in respiratory care..."

Respiricare Ltd
0845 680 6462 | info@respiricare.com | www.respiricare.com

✅ Knowledge and confidence on how to recognise technically acceptable and repeatable results

✅ Improved ability to interpret spirometry correctly

✅ Competency through formal assessment

✅ Support to be able to delivery of high-quality respiratory care for patients across Kent & Medway.

Take this opportunity to strengthen your skills and demonstrate your competency.
